It was reported in a 9-1-1 call that people were inside the residence causing damage. At least one male was on the property. After the fire was extinguished at the residence, Maggie Long's remains were discovered by fire rescue personnel. The El Paso County Coroner's Office later ruled her death a homicide. Long was 17 years old at the time of her death. Investigative efforts at the scene revealed a physical altercation took place between Long and her assailants before the fire started.
