

## Location Type

Agencies may specify the location of an offense within a hate crime incident as one of 45 location designations. However, not all reporting agencies have made the programming change to allow these additional locations designations; therefore, the data collected to date are not yet representative of all location designations. The location designations of the hate crime incidents reported in 2012 (based on Table 10) were:

- 32.6 percent of hate crime incidents occurred in or near residences or homes.
- 18.3 percent took place on highways, roads, alleys, or streets.
- 8.3 percent happened at schools or colleges (based on three designations).
- 5.7 percent took place in parking/drop lots/garages.
- 4.1 percent occurred in churches, synagogues, or temples.
- 1.8 percent transpired in bars or nightclubs.
- 1.8 percent took place in restaurants.
- 1.6 percent occurred in commercial office buildings.
- 1.3 percent happened in air/bus/train terminals.
- 1.2 percent occurred in convenience stores.
- 10.5 percent happened in the remaining specified location categories or in multiple locations.
- 12.8 percent occurred in other/unknown locations.
