Thirteen states have agencies acting on behalf of the NICS in a full Point-of-Contact (POC) capacity. These POC states, which have agreed to implement and maintain their own Brady NICS Program, conduct firearm background checks for FFLs' transactions in their respective states by electronically accessing the NICS. Upon completion of the required ATF Form 4473, the FFLs conducting business in the POC states contact a designated state agency to initiate a NICS background check in lieu of contacting the NICS Section.
