SEEKING INFORMATION**

Anita Bergner, Date Unknown

On 10/05/2013, Anita Bergner (W/F/34) was last seen around 4:30 AM, when she left her residence in Warner Robins, GA. Her body was found on 10/17/2013, in an abandoned house. She suffered blunt force wounds and there was evidence of strangulation. She was located in a bathroom and a recliner chair was placed in front of her body. The abandoned house was located only a few streets over from where she was last seen.

Anyone with information pertaining to this investigation are asked to contact the Warner Robins Police Department.
