On April 3, 2020, the partially skeletonized remains of an adult female were discovered along a dirt road off Santiam Highway (U.S. 20) in the Willamette National Forest, Linn County, Oregon. Cause of death has not been determined, but the estimated time of death is between eight weeks and one year prior to discovery. No personal effects to include jewelry, identification, or cell phone were recovered. Dental records are available for comparison.
