

**ViCAP ALERT:
UNIDENTIFIED HOMICIDE VICTIM**

Attention: Homicide, Missing Persons, Sex Crimes and Crime Analysis Units

Remains found on 12/20/1984 in Sneads, Florida (Jackson County)

Race: White

Sex: Female

Age: 18-25 years old

Height: Approximately 5'0"

Hair: Strawberry Blonde

Distinguishing Characteristics: The victim may have had strawberry blonde hair and large or sagging breasts. The victim has a multicolored tattoo of a small bee or butterfly on her left breast; possibly one tulip leaf with possible initials on her upper left chest area; and one red flower with green leaves on her left shoulder. The victim's teeth are in very poor condition having no indication of prior dental work.

Jewelry: Wedding band with engagement ring (costume type jewelry) recovered.

Details of Discovery: The victim's nude remains were discovered in Sneads, Florida (Jackson County) along Interstate 10 at the 149 mile marker. Forensic analysis indicates the victim had been at the location between 8-11 months. No clothing was found at the scene.
